**Covance Info Session:** Tues, Feb 6, 12:00pm-2:00pm, Chemistry 8335. Covance is recruiting for Associate Analytical Chemists, BS and MS level. Stop by and say hello before the Career Fair.

**WiSolve Info Session:** Thurs, Feb 8, 5:30pm, Health Sciences Learning Center 1220-1222. Recruiting new graduate student and postdoc looking to gain business experience through workshops and hands-on training. I recommend this organization for any graduate student looking to gain some insight into business and consulting. Contact is Christopher Konop ([chonop@gmail.com](mailto:chonop@gmail.com))

**Global Resume Program-China:** A new program at the Wisconsin Alumni Association, called the Global Resume Program-China provides returning Chinese students with a vehicle to connect with potential employers through an alumni network. If you're looking for help connecting with employers and alumni in China, please email your resume and cover letter to [globalresumeprogramchina@uwalumni.com](mailto:globalresumeprogramchina@uwalumni.com)

**Merck Postdoc:** Boston, MA. Apply within the next six weeks. Seeking applications for an organic synthesis postdoc fellow within Discovery Chemistry at our Boston site. The candidate will be conducting research in the field of frustrated Lewis pair catalysis in collaboration with Prof. Masayuki Wasa (Boston College). Apply [here](#). Shishi Lin (PhD 2015, Yoon: [shishi.lin@merck.com](mailto:shishi.lin@merck.com)) went through this program and is now employed with Merck.

### **SEMINARS/WORKSHOPS**

**Tax Seminar:** Tax Tips for Graduate Students will be presented by Kelly Peckham from the Wisconsin Department of Revenue. In this presentation, she will explain tax basics and resources with an emphasis on financial situations relevant to graduate students. This event will take place on February 5th at 2:30 pm in the John D. Wiley Conference Room T216 at Waisman Center. If you plan to attend, contact MALLORY L MUSOLF <[musolf@wisc.edu](mailto:musolf@wisc.edu)>

**Future Faculty Series:** This series is aimed at supporting graduate students who are interested in faculty careers. Topics covered include managing the job search, preparing application materials, and assessing institutional fit. See complete list of events and services [here](#).

### **HEALTH AND WELLNESS**

#### **UHS Group Counseling Opportunities:**

- **Dissertator's Group:** (Tuesdays 10:00-11:30am; Wednesdays 12:00-1:30pm)- A supportive group environment focused on the emotional, behavioral, and organizational challenges associated with the dissertation process. See schedule [here](#)
- **Graduate Students' Group** (Thursdays 2:45-4:15pm) - This group examines the sources of stress, ways of coping, and the role of peer support in adjusting to a role that often feels like it's 24/7 as a graduate student. See schedule [here](#)

- **Graduate Women's Group** (Fridays 3:00-4:30pm) - Through offering support to others and receiving support, group members are challenged to learn about themselves, initiate change, and exercise honesty in a safe space See schedule [here](#)
- **Drop-in Survivor Support Group** - UHS provides weekly drop-in confidential support groups for victims of sexual assault, intimate partner violence, stalking, and sexual harassment. See more [here](#)
- **First-generation Students Support Group** - Students who have not had the example of a parent graduating college often face numerous challenges and may feel at a disadvantage relative to college peers. See schedule [here](#)
