*(Legend: A=Analytical, CB=ChemBio, I=Inorganic, M=Materials, O=Organic P=Physical/Theoretical)*

Interview at least five faculty members whose research interests you. You do not need to wait until a particular meeting to begin your search; just send an e-mail message or knock on a professor's door to initiate discussions. Use this form for keeping track of the faculty with whom you have met (when meeting with faculty, please have them initial the form on the line, next to their name).

Return this form to your path coordinator and a copy to the Graduate Program Office, room 2108, by November 13.
