

CHEMISTRY PRIVATE TUTORS FOR HIRE - Fall 2022

The Department of Chemistry can offer no assurances regarding the quality of any private tutor

- Private tutors on this list are chemistry graduate students, undergrad chemistry majors[†], teaching specialists, or other professionals associated with the Department of Chemistry.
- Fees are charged by the tutor. **Some tutors may offer group rates or reduced rates for students with financial need (Indicated with *.)**
- When contacting a potential tutor, students should clearly identify themselves as a UW-Madison student (sending from UW email is best), include their full name and the course for which they are seeking tutoring.
- Current TAs, teaching specialists (TSs), undergraduate assistants (UAs), lab assistants (LAs), and other staff are not permitted to serve as a paid tutor for a student in the same course that they are working with, even if the student is enrolled in a different lecture section of the course.
- Beware of unsolicited offers for tutoring services from third parties external to UW-Madison, especially those solicited via social media. While some of these vendors might provide useful services, others are costly scams and some have falsely claimed association with UW-Madison courses.
